

It is therefore believed that the present invention, as now claimed in claims 19 and 32, is not obvious over the cited references. Claims 20-31 and 33-37 are dependent from claims 19 and 32 and, without prejudice to their individual merits, are believed to be non-obvious over the cited references for the same reasons as claims 19 and 32.

Conclusion:

In view of the foregoing, reconsideration of the examiner's rejections and allowance of claims 19-37 are earnestly solicited.
